

**JAMES RAE
APPLICANT'S STATEMENT
CARMICHAEL/OLD FOOTHILL FARMS COMMUNITY PLANNING COMMISSION**

My name is James Rae and I have been a resident of Carmichael for 35 years.

I was an engineer for the California Department of Transportation in positions from Engineering Aid to Supervising Engineer for 42 years planning designing, financing, and constructing transportation projects. Since retiring in 1993, I have been involved in various community volunteer activities including four years on the Carmichael Community Action Plan Team, four years as a member of the Carmichael Old Foothill Farms Community Council and one year on the successor planning commission.

During my tenure on the Council and Commission I had a prefect attendance record and would be pleased to continue serving the community on the Community Planning Commission. I am thoroughly familiar with Sacramento County Land Use and Planning Policies and Standards and the requirements of the California Subdivision Map Act.

My educational achievements include the following:

- Completed the SACOG Training Workshop for Planning Commissioners, 10/09.
- County classes related to planning commission work taken in 2007: "Role of the Planning Commissioner", "Plat and Subdivision Law", and "Common Interest Development".
- M.E. in Transportation Planning, U.C. Berkeley, 1961
- B.S. in Civil Engineering, U.C. Berkeley, 1952
