

**APPLICANT'S STATEMENT
K. GREG PETERSON
COUNTY PLANNING COMMISSION**

I have served as a commissioner on the County Planning Commission for most of the last year. As a result, I have become intimately familiar with the process of the General Plan update and the various players, including a variety of community groups that have expressed their concerns and recommendations. Clearly, updating the General Plan and doing so in a manner that conform with the new state law passed by the Schwarzenegger administration relating to Greenhouse Gas Reductions is going to be a complex and challenging task, as it has already proven to be. I believe I have the background and experience to see this process through to a successful conclusion in a fair and balanced way for all interested parties, but most especially for the residents of Sacramento County. Thank you for your consideration of my candidacy for this position.
