

**APPLICANT'S STATEMENT**  
**KARLA M. ALSGOOD**  
**RIO LINDA/ELVERTA COMMUNITY PLANNING COMMISSION**

I have resided in Sacramento County since 1975. I currently own a home in Rio Linda and did own a home in Elverta, which I rented to family until I sold it in 2006. I'm a Registered Nurse and am currently employed by the County of Sacramento as a Public Health Nurse. I work with elderly and disabled people in our area. I have also worked at the Main Jail and Juvenile Hall as a county employee. I have experience in many fields: I was Vice President of Adjustable Thumb Company, co-founder of River City Corvette Club, Founder of Annual Fort Bragg Tour and Executive Director of "Time For Love" (A Musical). I was a professional photographer and bowler.

I have made difficult decisions in my career and at the same time had to be able to communicate with others that had different opinions. I am able to make those tough decisions and help others understand the reasoning behind my decision. I feel strongly about being involved and serving the community that I live in and care about. It would be a privilege to continue to serve on the Rio Linda/Elverta Planning Commission.
